

Odle Plans

--We are joining a Team Expansion team led by Terry & Amy Ruff which God has used as a catalyst for planting 100 simple churches in the past 6 years among unreached people groups in Northern Ghana and beyond. Our methods combine orality, Disciple Making Movements, Community Health Evangelism and business. More information can be found at www.ruffupdate.com. More than 200 new believers have been baptized so far in 2015!

--After we settle our family, Jared will be working in Community Health Evangelism (CHE) in discipleship, community development & micro-finance and small business development and looking for larger business opportunities including renewable energy & agriculture.

--Anna is studying midwifery and will be ministering to women & children through pregnancy care and nutritional education. She will also help our kids continue their homeschooling careers, run a household...all the hard mom on the field work!
